PROFILE

I am an Information Systems student at Universitas Teknologi Yogyakarta with a strong interest in programming and software development. During my studies, I have participated in several academic projects, focusing on web-based applications and data management. Although I do not have formal work experience, I have skills in programming languages such as Java and MySQL. I excel in teamwork, pay great attention to detail, and am always eager to learn new things to achieve optimal results.

EDUCATION

2023 - PRESENT
UNIVERSITAS TEKNOLOGI YOGYAKARTA
- Bachelor's Degree in Information Systems (Ongoing)

2020 - 2023
SMAN 1 PAGADEN
- Science Major

ACADEMIC PROJECT

Universitas Teknologi Yogyakarta
February 2023 - July 2023
- Collaborated in a team to develop a web-based student data management application using Java and MySQL.
- Designed and implemented the database structure for efficient data storage and retrieval.
- Contributed to back-end development, ensuring secure and scalable functionality.
- Completed the project on time, receiving positive feedback from lecturers for innovation and teamwork.

SKILLS

- Programming: Java, Python, HTML, CSS, JavaScript
- Database Management: MySQL
- Problem-solving and teamwork
- Basic understanding of software development lifecycle
